**INTRODUCING
THE TOTAL BODY CLEANSE[®] SOLUTION
Total Silver[®] and Total Zeolite[®]**

Only from SOLUTIONS IE[®]... the truly superior Total Body Cleanse[®]... Two powerful Intra-oral sprays that detoxify the body of dangerous pathogens and toxins, safely and effectively.

The New Protocol

Scientific researchers at Utah-based SOLUTIONS IE[®] have developed an extraordinary detoxification protocol called Total Body Cleanse[®]. The latest health research shows: Premature aging and nearly every chronic disease process is related to toxicity. The powerful combination of Total Silver and Total Zeolite effectively kills germs while removing toxic heavy metals, chemical toxins and free radicals from the body.

Cleanse the Body of Silent Killers... The Time is Now!

Maintaining vibrant health in the modern age requires an effective two-pronged approach that can detoxify toxic substances while simultaneously eliminating infectious microorganisms. Mercury, lead, cadmium, arsenic, pesticides, as well as bacteria, virus, parasites and more are just some of the foreign agents that create an excessive toxic body burden.

Total Zeolite: For Quick, Natural Removal of Harmful Toxins

Utilizing sophisticated nano-technology, Total Zeolite has many significant qualities which make it a superior choice over other detoxification or chelation methods. A distinct advantage of Total Zeolite is its highly selective attraction for toxic heavy metals with no attraction for vital nutrient minerals like calcium, potassium and selenium. Total Zeolite's highest affinity is for mercury and lead, two of the worst toxins of all.

Beyond the ability of Total Zeolite to remove toxins from the body, it boosts the immune system, enhances the body's metabolic function and nutrient absorption, alkalizes the body, and improves the body's ability to resist disease. Total Zeolite is safe, natural and has been proven to remove mercury, lead, arsenic, cadmium, aluminum, tin and more.

Total Silver: The Most Powerful All-Natural Antibiotic Available
